PREVIOUS EXPERIENCE IN POLICY DEVELOPMENT OR DECISION-MAKING (specify where and in what capacity)

- I have been an active member of policy development and decision-making in the **BScN program of study**. First as a faculty member in the collaborative partnership with the University of Alberta (1998-2008), then as the BScN Steering Committee (2007-2015), and currently within the Department of Nursing Science and Faculty of Nursing. In these roles I have contributed to ensure decisions and policies were grounded in BEST practice (not limited to: clinical practice guidelines for students, missed academic experiences, student conduct, gift giving and receiving). When drafting policy, it is vital to recognize the intersects between the necessary knowledge to inform the practice, the implementation (structural challenges), and the necessary stakeholders who will be impacted by this policy and decision.

All activities and strategic directions focus on our commitment to providing safety, support, relief and resources for abuse victims.

Responsibilities included performing environmental scans of other universities and well as economic conditions across Canada, understanding legislative requirements, participating by leading brown bag luncheons with fellow academic members. Soliciting input on bargaining issues and creating a proposal and discussing and agreeing on a collective agreement between the University Board of Directors and faculty membership.

PREVIOUS EXPERIENCE ON INSTITUTIONAL/PROVINCIAL/NATIONAL COMMITTEES (role and duration of membership)

- I have been a committed member of the **MacEwan University Academic Governance Council** (Senate) for two terms (2011-2013 and 2016-2018). The responsibilities I had as a member include: upholding academic standards (integrity, policies, and program implementation, revision, and reporting to governmental agencies) and fostering a milieu for the advancement of creative endeavours, scholarship, and research.
- I am on the **Advisory Board of Directors for Sigma Theta Tau International’s Centre for Excellence in Nursing Education** (2018-2020). The responsibility of this centre is to support educational programming for STTI members to acquire the necessary knowledge and professional development of nurses to enhance health globally. As a member I provide guidance and direction for current programming

(i.e. Emerging Educational Administrator Institute and Experienced Nurse Faculty Leadership Academy as well as numerous other certificates and individual programs of study)

CONTRIBUTIONS TO THE DEVELOPMENT OF EDUCATION/PROFESSIONAL PROGRAMS FOR NURSING

I have been at MacEwan University since September 1998. I was actively involved in the design of **our current curriculum** (philosophy, curricular design of program of study, and Master Course Syllables for multiple courses).

- I have taken the lead in **revising our future curriculum**. I have written the Philosophy of Nursing, the Philosophy of Nursing Education, the Program of Study Curricular Foci, and the Graduate Outcomes with support from committee members.
- My **passion and expertise** are in educational programming for nursing. My doctoral preparation facilitated this expertise through multiple courses on curricular development and evaluation. This proficiency has been supported by my involvement (through conference presentations and publications) of Caring Sciences which has been foundational in my development as a faculty member.
